ORTHOPAEDICA

Ergonomic Task Seating

Orthopaedica assists in reducing back discomfort and enhances well-being to enable the user to work and perform to their best ability.

Clearly labelled and easily accessible controls allow the chairs to be adjusted if required and used by different people without impairing their effectiveness.

OPTIONAL FEATURES

1.

2.

1. Headrest

The addition of an adjustable headrest supports the user in reclined positions, relieving stress within the neck muscles.

2. Fold Down Arms

Fully adjustable fold down arms allow easy access to the workstation.

3. Seat Depth Adjustment

A sliding seat adapts to different thigh lengths, allowing the user to optimise their own comfort and support.

4. Inflatable Lumbar & Thorax

By using the pneumatic pump the lumbar or thorax can be inflated or deflated as required.

5. AirTech Seat Board

A push of the button allows air to flow through the two way valve; this enables the seat to move as you move and moulds to your natural shape.

3.

4.

5.

OPTIONAL FEATURES

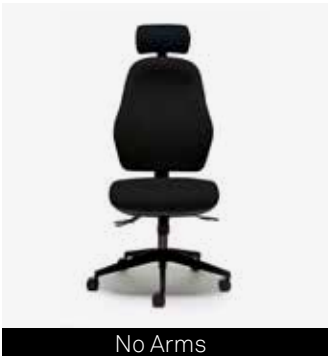

- » Seat depth adjustment (50mm) **+£17**
- » Inflatable lumbar support **+£20**
